Volvo 264 GL

The new 264 GL fulfills the most exacting demands that might be placed on a modern means of personal luxury transportation. Each element, from Volvo's new alloy overhead cam V-6 engine to its spacious luggage compartment, is part of an elegant, uncompromised automobile.

Clean, distinctive lines are enhanced by the large expanses of lightly tinted glass which wrap around the passenger compartment, interrupted only by narrow, but strong pillars. All 264 GLs are equipped with a sunroof and power front windows, and lustrous metallic finishes are available at no extra cost.

A choice of plush velour or supple genuine leather are offered as facing material for the seats of the GL. Front seats are Volvo’s famed adjustable individual buckets and as a lavish concession to the driver, that seat is automatically heated.

With the rear armrest folded, the 264 GL affords exceptional room for five adults who can all ride in complete comfort thanks to Volvo’s Combined Unit heating and air conditioning system. In all there are 12 outlets in the ventilation system, two of which are under the front seats and distribute heat to rear-seat passengers.

Steel-belted radial, white wall tires are standard, as are four-wheel power disc brakes, (the fronts are ventilated) and, of course, there’s Volvo’s triangular-split safety braking system.

Power-assisted steering is standard as is either of Volvo’s new transmissions, a three-speed automatic or four-speed manual with electrically-activated overdrive.

Either plush velour or genuine leather are the standard facing materials for the seats of the luxury 264 GL. Front seats are infinitely adjustable, including lumbar support. The driver’s seat is automatically heated.

Power for the 264 GL is provided by Volvo’s potent new light-alloy, overhead cam V-6. The engine features Continuous Fuel Injection and solid state ignition systems.
Volvo 242/244

By anyone’s yardstick, the interior dimensions of the Volvo 242/244 sedans are spacious. Yet, overall a Volvo is about three feet shorter than the average “full-size” American-built sedan.

Exceptional knee and leg room for five adults are provided and the two reclining individual front seats have an adjustable lumbar support. The seats in all 242/244 sedans are covered in soft, napped fabric which is cool in summer and warm in winter.

Like the 264 GL, the heating and ventilation system of the 240 Series has 12 outlets, and if Volvo air conditioning is installed it will function in the same manner as the 264’s advanced Combined Unit.

Powering the 240 models is Volvo’s new fuel-injected engine. It features a belt-driven overhead cam, cross-flow cylinder head and solid state ignition. To complement this sporty, yet economical engine, Volvo also introduces two new transmissions.

The standard transmission for the 242/244 models is a rugged four-speed manual. Transmission options are Volvo’s new smooth three-speed automatic and an electrically-activated overdrive for the standard four-speed.

Of course, like all Volvo’s, 242/244 models are equipped with four-wheel power disc brakes (with safety triangle-split system) and steel-belted radial, whitewall tires.

Seat covering material for 242/244 models is a soft-napped fabric. Available in four colors, depending on exterior finish, it is soil resistant and washable.
Volvo 265

The luxury Volvo 265 wagon offers many of the considerable features of the 264 GL sedan plus 50 cubic feet of cargo space - over 67 cubic feet with the rear seat folded flat.

The spirit of the distinctively styled 265 comes from the same new, energetic light-alloy V-6 that's found in the 264 GL. And like the 264, the 265 is equipped with fuel-injection and a solid state ignition system. Transmission choices are the same as well - either the silky smooth three-speed automatic or the full-synchro-mesh four-speed manual with electrically-activated overdrive on fourth gear. Power-assisted steering and brakes are both standard as are steel belted radial, white wall tires.

Inside, the 265 offers Volvo's anatomically correct, individual reclining front seats. Seat covering material is durable leather-like vinyl or vinyl with a woven center insert. Volvo's unique system of warning lamps, including a bulb integrity sensor which lets the driver know instantly if a low beam, stop or tail light is out, and quartz crystal electric clock are features of the 265 instrument panel.

Volvo's 12 outlet Combined Unit heating and air conditioning system, which permits the air conditioner to be operated simultaneously with the heater for warm, dehumidified interior air, is standard.

The powerful light-alloy overhead cam V-6 of the 264 GL gives the 265 outstanding performance. The Volvo CI fuel-injection system and solid state ignition aid efficiency and therefore, operating economy.

The seat covering materials used in the 265 are durable leather-like vinyl alone, or with a woven fabric insert. Colors and combination of materials depends on exterior color selection.
Volvo color and upholstery selector

Since Volvo's are designed to last, bodies are protected in a number of ways. Galvanizing and the application of rust proofing fluids and compounds is used extensively. Volvo has also designed its bodies without unnecessary enclosures and cavities where moisture might collect. Finishing begins with phosphating (etching) for best possible paint adhesion, after which the entire body is immersed in an electro-primer bath which "plates" the metal with paint. After baking, bodies are sanded, given a spray coat of primer, baked and sanded again, before the enamel finish is applied.

# Standard Equipment

## Volvo 264 GL
- **Standard Equipment**
  - Light alloy V-6 engine
  - Fuel injection
  - Solid-state ignition
  - 4-wheel disc brakes
  - Power brakes
  - Separate parking brake
  - Power-assisted steering
  - Steel-belted whitewall radial tires
  - Automatic transmission or 4-speed manual with overdrive
  - Infinitely adjustable front bucket seats
  - Adjustable lumbar support
  - Leather-faced or velour upholstery
  - Electric rear window defroster
  - Tinted glass all around
  - 12-outlet heating and ventilation system with integrated air conditioning
  - Lockable glove compartment
  - Cargo area and engine compartment lights
  - Day/night rearview mirror
  - Full interior carpeting
  - Storage pockets in doors
  - Four 3-point self-adjusting safety belts
  - Childproof rear door locks
  - Metallic or enamel paint
  - Stereo speakers
  - Windshield antenna
  - Passenger assist handles
  - Bulb integrity sensor

## Volvo 242/244
- **Standard Equipment**
  - Overhead cam cross-flow engine
  - Fuel injection
  - Solid-state ignition
  - 4-wheel disc brakes
  - Power brakes
  - Separate parking brake
  - Power-assisted steering
  - Steel-belted whitewall radial tires
  - Automatic transmission or 4-speed manual with overdrive
  - Infinitely adjustable front bucket seats
  - Adjustable lumbar support
  - Cloth upholstery
  - Electric rear window defroster
  - Tinted glass all around
  - 12-outlet heating and ventilation system
  - Lockable glove compartment
  - Day/night rearview mirror
  - Full interior carpeting
  - Storage pockets in front doors
  - Four 3-point self-adjusting safety belts
  - Childproof rear door locks on 244
  - Metallic or cloth/vinyl upholstery
  - Electric rear window defroster and wiper
  - Tinted glass all around
  - 12-outlet heating and ventilation system
  - Lockable glove compartment
  - Cargo area and engine compartment lights
  - Day/night rear view mirror
  - Full interior carpeting
  - Storage pockets in front doors
  - Four 3-point self-adjusting safety belts
  - Childproof rear door locks
  - Metallic or cloth/vinyl upholstery

## Volvo 265
- **Optional equipment**
  - Air conditioning
  - Automatic or overdrive transmission with power-assisted steering
  - Power front door windows
  - Sunroof
  - Power-assisted steering

## Volvo 245
- **Optional equipment**
  - Air conditioning
  - Automatic transmission
  - Roof rack
  - Suspension leveling system
  - Third seat
