This exclusive Volvo 264 TE fulfils the most exacting requirements on comfort, reliability and safety.

The Volvo 264 TE offers high-class comfort. The plush upholstery and trim is ideally matched by the high quality wall-to-wall carpeting. The rear seat is complete with head restraints, special reading lamps and a foldable center armrest for added comfort. The wide door angle opening ensures dignified entry and exit.

The Volvo 264 TE has a smooth and powerful V6 engine. This engine has been designed to combine utter reliability and long service life with ease of starting, good low-speed pulling power and plenty of reserves for fast, safer overtaking. A three stage automatic transmission with torque converter and six illuminated selector positions are standard on the Volvo 264 TE.

The Volvo 264 TE is a safe car with a strong body and impact absorbing crumple zones front and rear. The passenger compartment is in effect a steel cage also protected at the sides by anti-intrusion members in the doors. The steering column is collapsible. The seats are anchored securely to the floor. The fuel tank is safely located out of harm's way, entirely separate from the passenger and luggage compartments.
The renowned Volvo seat - with adjustable lumbar support - has been designed in co-operation with medical experts. That ensures an alert and safe driver.

Adjustable reading lamps for rear-seat passengers - one on each side.

The foldable armrest houses controls for the reading lamps and the volume control for the stereo loudspeakers. Space is provided for a telephone.

In the immense boot, which is trimmed to the same high standards as the interior, cases can be stood handles up for convenience.

All controls are positioned logically on the centre console. At the base of the centre console is a stereo-radio with cassette player.

The wide door opening angle permits dignified entry and exit.
The exclusive plush trimmed interior gives that distinctive atmosphere of elegance. The rearseat with its foldable centre armrest provides the passengers with superb travelling comfort. In the spacious and comfortable interior there are two foldable extra seats, which allows the Volvo 264 TE to carry up to Six passengers plus driver. The foldable seats are of course of the same high quality that distinguish all Volvo seats. When the foldable seats are in use there are still plenty of room for the rear seats passengers - thanks to the longer wheelbase of the Volvo 264 TE.

COOLING SYSTEM

Sealed and frost-proofed. Capacity approx. 10.9 litres

ELECTRICAL SYSTEM

Battery 12 V 70 Ah
Alternator rating 55 A
Ignition system Contactless. Electronic

TRANSMISSION

Automatic transmission 3-stage. Torque converter. 6 illuminated selector positions

FUEL TANK

Safety location beside rear axle. Capacity 13.2 Imp galls/60 litres

STEERING GEAR

Rack and pinion. Safety steering column of telescopic type. Ratio 17.1:1 Power assisted

Number of turns to lock 3.5

STANDARD EQUIPMENT

Headlight washers and wipers Yes
Instrumentation Clock. Tachometer
Steering wheel diameter 400 mm. Integral foam covered
Electricaly powered windows Front and rear side windows
Tinted glazing Yes
Upholstery Plush
Full carpeting Textile, deep pile
Air conditioning Yes
Stereo loudspeakers Built into front doors and behind rear seat
Fixed head restraints Front and rear seats
Luggage compartment trim Full textile carpeting
Spare wheel cover
Luggage compartment lighting Yes
Rims 5.5 - 14"
Steel braced radial ply tyres 185 SR 14

INSTRUMENTATION

SUSPENSION

Braking System

Power-assisted, all-disc. Dual circuit, triangle-split system. Each circuit operates simultaneously on both front wheels and one each of the rear wheels. Brake pipes of rust-resistant copper and nickel alloy. The front discs are specially ventilated. Relief valves in each circuit prevent the rear wheels from locking up prematurely during emergency braking. Master cylinder of stepped-bore type. Handbrake operates on rear wheels through separate drums.

WARRANTY

Twelve-month warranty irrespective of mileage.

Optional Equipment

Weights

Kerb weight, approx 1.635 kg. Total weight, approx. 2.180 kg.
